## In 2024, we...

added **24 affiliated providers**

made more than **\$500,000**  
in capital improvements

distributed a payroll of  
**more than \$27 million** to  
330 full-time employees

donated more than **\$60 million**  
in services to those in need

paid nearly **\$4 million in taxes**

At Bolivar Medical Center, we believe great hospitals can always be better. We are always looking to improve, whether that involves enhancing our clinical expertise, expanding the services we offer, or improving patient safety, outcomes, and experiences. As an example, in 2024, our quality leaders earned professional certifications demonstrating their knowledge of the highest standards of healthcare quality and safety; our ER team worked to reduce wait times and lengths of stay; we opened a new

Women's Clinic; we updated and relocated the Bolivar Urology Clinic; and our long-term care unit again earned a 5-star rating from the Centers for Medicare & Medicaid Services (CMS).

I mention this because serving your healthcare needs is our purpose, first and foremost. In the process of providing this service, we also benefit the surrounding areas as a large employer, taxpayer, and provider of charitable and uncompensated care. This report shares a number of data points that provide a snapshot of the positive impact we have on Cleveland and the region.

We embrace the privilege and responsibility that comes with being entrusted with your health and work tirelessly to improve the well-being of our patients and the community we call home. We couldn't do any of it without you. Thank you for your partnership and support of our hospital.

Sincerely,

Jimmy Young, CEO  
Bolivar Medical Center

## 2024 Success Spotlight

Recruiting skilled clinicians to our hospital and community and supporting them in their new roles is critical to ensuring access to high-quality care. In 2024, we added 24 affiliated providers in Emergency Medicine, General Surgery, Pediatrics, and Tele-Radiology.

Investments in our facilities – from infrastructure to the latest healthcare technology – ensure that our hospital can continue to meet the community's evolving healthcare needs. Last year, we spent more than \$500,000 on capital improvements, including upgrading and relocating the Bolivar Urology Clinic, adding a new stress testing lab with the most modern technology in the Mississippi Delta, and opening a new women's clinic on the hospital's campus.

Our greatest asset is our people. We aspire to create an environment where talent is recognized, job satisfaction is valued, and our employees can effectively use their skills to provide high-quality care and service.

In 2024, we provided more than \$60 million in services to those in need of healthcare but without the means to pay.

We are proud to be a leader in the Cleveland area. Our partnership with the local community is manifest in many ways, from being a large taxpayer and employer to being a supporter of several local organizations.
