BolivarMedical.com

In 2025, we...

added **20 affiliated providers**

made more than **\$600,000 in capital improvements**

distributed a **payroll of more than \$25 million** to 300 full-time employees

donated more than **\$53 million** in services to those in need

paid nearly **\$5 million in taxes**

2025 marked another impressive year for Bolivar Medical Center. We added numerous providers who helped strengthen or expand service lines, including internal medicine and general surgery. We reopened our Outpatient Services Center to improve access to a variety of healthcare services, upgraded our MRI capabilities, and introduced treatment options for early Alzheimer's disease. We also made meaningful improvements to our dietary and environmental services, labor and delivery program, and long-term care facility.

Our quality never skipped a beat while we tailored these and other services to best meet the needs of our community. In 2025, we earned the prestigious "A" grade for hospital safety from the Leapfrog Group, we were named a Top CAUTI Safety Performer by Becker's Hospital Review, and the Bolivar Bulletin named us "Best Hospital" and "Best Emergency Room."

As we work to provide our patients with the outcomes and experiences they deserve, we also make a significant impact on the health of the broader community. As this Community Benefit Report details, we contribute to the vitality of the Delta region as a large employer and taxpayer, as a provider of charitable and uncompensated healthcare services, and as a supporter of local organizations with a similar mission of bettering the communities around them.

As you view the details of this report, I'd like to extend our thanks to all in the Cleveland area who choose Bolivar Medical Center for their healthcare needs. Your support and partnership make it possible for us to continue to best serve our patients, our team members, and our community.

Sincerely,
Jimmy Young, CEO
Bolivar Medical Center

2025 Success Spotlight

Recruiting skilled clinicians to our hospital and community and supporting them in their new roles is critical to ensuring access to high-quality care across a broad spectrum of services. In 2025, we added 20 affiliated providers in such areas as Emergency Medicine, General Surgery, OB/GYN, Orthopedics, Primary Care, and Radiology.

Investments in our facilities – from infrastructure to the latest healthcare technology – ensure that our hospital can continue to meet the community's evolving healthcare needs. Last year, we spent more than \$600,000 in capital improvements, including the purchase of an advanced endoscopy imaging system, an MRI machine, Orthopedic operating room equipment, a Urology laser, and a wireless ultrasound vein finder (VScan Air).

Our greatest asset is our people. We aspire to create an environment where talent is recognized, job satisfaction is valued, and our employees can effectively use their skills to provide high-quality care and service.

In 2025, we provided more than \$53 million in services to those in need of healthcare but without the means to pay.

We are proud to be an important partner to the Cleveland area as a healthcare provider, as a significant taxpayer and employer, and as an ardent supporter of local organizations that also serve the region.

SPONSORSHIPS AND DONATIONS
