

# COVID-19 is a leading cause of death in the U.S. BUT IT DOESN'T HAVE TO BE.

COVID-19 continues to be a leading cause of death in the U.S.  
For perspective, the average professional football stadium seats approximately 70,000 people.

It doesn't have to be this way. People who are not fully vaccinated are 11 times more likely to die from COVID-19 if infected.

Protect yourself and others, and get vaccinated today.
